What can we say! The team at Food Trailer King are amazing, we purchased our awesome super sized van back in May of 2020 they are friendly and very helpful in the process of designing and building what you want and always communicate along the way. They go above & beyond for their customers and always fix issues as soon as they can. Thanks Matt & team for your continued support

Professional staff - Personalised service

SCAN THIS QR CODE TO WATCH THE FULL VIDEO TOUR

Best decision I've ever made was purchasing a food trailer from Food Trailer King! Attention to detail and the professionalism in the workmanship of the trailer was incredible. Felt safe knowing it was built to Australian council compliance standards and the electrical work completely certified. Our application with the council was approved immediately and was on the road within a week. Also really appreciated the delivery of our trailer to our front door on the Sunshine Coast, QLD.

Professional staff - Strategic thinking - Personalised service

Food Trailer details

Ryan Frost recommends Food Trailer King.

I purchased the Maxi Food Truck for my business, Frosty's Kitchen. The build team did a magnificent job creating a well constructed and robust kitchen. I travelled from Victoria just to work with food trailer king after seeing the good reviews and I would highly recommend talking to the team if your considering starting or expanding your business. Our local council remarked that is was the most well put together mobile kitchen they had ever seen. Professional design team and proficient builders.

Comment as Food Trailer King

Marianne Slavon Thank you to the Food Trailer King crew. We are so happy with our set up. The fit out is awesome and considering it was all done with photos and phone calls is amazing. Also with minor things that needed fixing you were on it and sent parts straight away. Amazing service. Will be back for our second hopefully soon. Thanks again from The Cheeky Bean

Matt, Tony, Michelle and the team has been nothing but professional to deal with. Simply, they are business enablers. Throughout the build period, they kept us informed and worked through the steps with complete efficiency and flexibility. The result, was a great quality mobile food trailer at a reasonable price, that enables us to focus on building our business whilst not worrying about the reliability of our equipment. Would highly recommend.
Regards,
Lankan Streetz team

Working with the professional team at FTK made the whole process of purchasing my trailer very easy.
The entire process, from design to delivery was handled expertly and the end result is an amazing looking coffee trailer.
Mat was always available for a chat to resolve the very few issues that I had during the process.
If you are looking at investing in your own business you should 100% consider choosing Food Trailer King.
You will not be disappointed.

Comment as Food Trailer King

Tracey Black And this is what it could look like. Matt and I very professional and aftercare is awesome...highly recommend Tracey WICKED WRAPS & GOURMET SNACKS 🍷🍷🍷

Melinda Miller recommends Food Trailer King.

1d

We purchased our trailer through food trailer king, brand new to our specifications. Very happy with the service and communications through the process, the time frame that food trailer king said it would be ready in was very much on time. Good Manufacturing and quality of equipment. Very happy with our purchase 🙌

Helen Kane recommends Food Trailer King. Yesterday at 14:38

We highly recommend Trailer King. Having looked at a lot of trailer builders, we decided Food Trailer King was the best choice. We bought our food trailer from them and haven't looked back. They are professional, very helpful when we have phoned up with questions, and looking for advice they are always available to help. We will be upgrading in the future and will definitely be using these guys to build it. Thanks Matt & Team.

Kush Hewa recommends Food Trailer King.

6 October 2020

Matt, Tony, Michelle and the team has been nothing but professional to deal with. Simply, they are business enablers. Throughout the build period, they kept us informed and worked through the steps with complete efficiency and flexibility. The result, was a great quality mobile food trailer at a reasonable price, that enables us to focus on building our business whilst not worrying about the reliability of our equipment. Would highly recommend.

Regards,
Lankan Streetz team

Professional staff · Strategic thinking · Personalised service

Wayne Smith recommends Food Trailer King.

3d

Dealing with the owner and the staff to get precise information when you need it. Right from the get go to the end and now with after sales care. Dealing with food trailer king is and has been a great experience. If you're looking for a quality product from someone who genuinely wants you to succeed then get in touch with Matt and the team at Food trailer king.

Question #1

**ARE THE
FOOD TRAILERS
IN STOCK?**

Answer

We always have different trailers at the factory that we are working on, some are display models, some are customers' trailers in various stages of production, so there is always plenty to look at if you'd like to visit us at **10 Mayfield Street, South Murwillumbah NSW.**

Question #2

**DO YOU HAVE A
SHOWROOM I CAN
COME TO SEE THE
FOOD TRAILERS?**

Answer

Our factory and display is **10 Mayfield Street, South Murwillumbah NSW.** We are open Mon-Fri 8-4pm and can often organise a viewing Saturday mornings by prior arrangement. Delivery Australia wide from our factory is super easy, we offer delivery for all of our models.

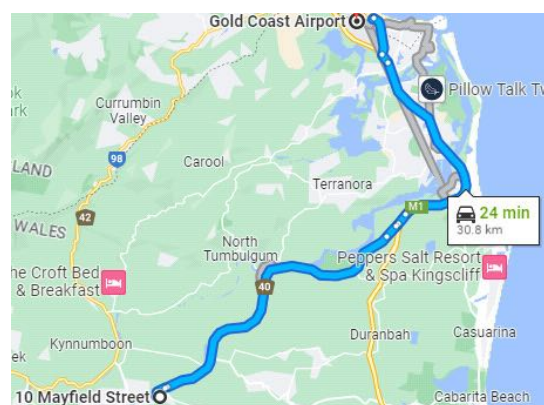

Question #3

WHERE IS THE NEAREST AIRPORT TO YOUR FACTORY?

Answer

We're around a 20 minute drive south from the **Gold Coast airport**. It's an easy drive down to the factory, lots of our customers fly in for the day (or weekend) to visit in person. If you cant make it to the factory, no problems, we have video tours of all our trucks and trailers on our website.

Question #4

HOW LONG WILL IT TAKE FOR DELIVERY?

Answer

We manufacture each truck and trailer to order, as every customer needs different equipment and layouts to suit their business, so it's not just a case of delivery timeframes, but manufacture timeframes as well. Some trailers have signwriting, some require specially ordered appliances, so there are many variables in there that can affect your delivery timeframe, as well as your physical location.

All our trailers are tested and have an extensive pre delivery check completed prior to shipping to ensure your trailer is delivered in top working order.

For an accurate ETA, please drop us an email at **office@foodtrailerking.com.au** or call us on **1300 247 066**, we can let you know what we have available and when we can book it onto the specialised truck for delivery.

Question #5

CAN I PICK IT UP MYSELF?

Answer

Yes, many people collect their food trailers directly from our factory, **10 Mayfield Street, South Murwillumbah NSW**.

You're more than welcome to pick up your trailer yourself and get a run down of the equipment face to face. We are open Mon- Fri 8-4pm.

Question #6

WHERE DO YOU DELIVER TO?

Answer

Delivery is simple and easy, no matter where you're located in Australia. We only use select carriers that have specialised trucks set up to allow unloading without the need of a forklift.

Please send us an email at **office@foodtrailerking.com.au** or give us a call to discuss delivery options for your address.

Question #7

WHAT IS THE DELIVERY COST?

Answer

Delivery cost varies with location, though we have a cost-effective solution via the fleet of specialist trucks. Please shoot us an email at office@foodtrailerking.com.au give us a call and we are able to provide pricing for your food truck or trailer and delivery over the phone.

Question #8

DO THE TRAILERS COME WITH COUNCIL APPROVAL?

Answer

We guarantee council compliance on all our trailers and trucks. Whilst you will need to apply for council approval for your trailer in your own name, our team of experienced staff will be on hand to assist and walk you through the process every step of the way.

Question #9

HOW DO I GET APPROVED BY COUNCIL?

Answer

Each local council has its own trade regulations and approval process, so each process will be slightly different, as are the requirements for council. For example, some councils require 3 sinks, some 4. We guarantee council compliance on all our trailers and trucks, and our staff will help you through the process every step of the way.

Question #10

WHERE AM I ALLOWED TO TRADE?

Answer

Again, as each council is different, each will have their own set of regulations regarding where you are allowed to trade. This is to keep fair trade between mobile food businesses (food trucks and trailers) and fixed food businesses (cafes and restaurants).

For advice specific to your council, we suggest calling your local council and having them send through their regulations so you can plan where you want to trade. For example, on private land, events and markets, or roadside.

Question #11

WHAT'S THE DIFFERENCE BETWEEN THE DIFFERENT TYPES OF COUNCIL APPROVALS?

Answer

In general, councils have **3 types of approval – private land, events and markets, and roadside**. The regulations for each vary slightly from council to council (we recommend calling your council to get a copy of their specific regulations) but the approvals are self-explanatory. **Private land permit** – you are able to trade on private land with the landowner's permission.

Question #12

CAN I TRADE FROM MY HOME?

Answer

If you are aiming to trade from your own property, you can talk to the council regarding a private land permit which allows you to trade from your land, or another owner's property (with the owner's permission). This can include residential and commercial properties, provided that it meets your local council's regulations.

As each council in Australia has slightly different regulations, you are best to call them direct and have them send through the regulations specific to your circumstances so you can ensure you are compliant.

Question #13

CAN I TRAVEL AROUND AUSTRALIA AND TRADE?

Answer

Most people travelling with their trailer will opt for one of three scenarios –

- 1.) Roadside permits so they're able to pull up when it suits (within their council regulations)
- 2.) Events and markets permit to allow them to plan ahead and tour the country attending large events and sightseeing along the way
- 3.) Private land permit so they're able to organise with the owner to trade outside a business such as a garden centre or service station for a period of time before moving onto their next holiday destination.

Question #14

DO I NEED INSURANCE?

Answer

Yes, you will require public liability insurance, as well as vehicle registration and insurance for your trailer. Our staff are able to provide you with all the documentation you require for insurance for your trailer.

Question #15

WHO DO YOU USE FOR FINANCE?

Answer

The finance is via a broker, the criteria for applicants is that you need to be a permanent resident or citizen, and either working, or have had income on an ABN that is minimum 2 years old.

Unfortunately, Centrelink and Disability Pension do not qualify for finance.

Drop us an email at office@foodtrailerking.com.au and we can give you a call and put you in touch with the broker to start the process.

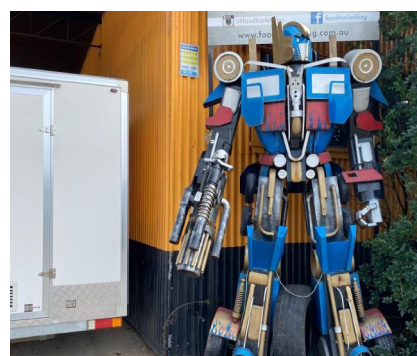

Question #16

WHAT DO I NEED TO GET FINANCE ON A TRAILER?

Answer

The criteria for applicants is that you need to be a permanent resident or citizen, and either working, or have had income on an ABN that is minimum 2 years old. Unfortunately, Centrelink and Disability Pension do not qualify for finance. It is a very simple process, drop us an email at office@foodtrailerking.com.au and we can give you a call and put you in touch with the broker to start the process.

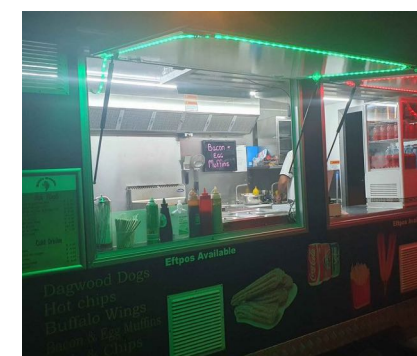

Question #17

HOW LONG DOES FINANCE TAKE?

Answer

Finance is simple, straightforward, takes a few minutes over the phone and you will generally get your approval very quickly once you submit your documents. We use specialised finance brokers to take care of the finance for our customers, they are experienced with dealing with our products, which makes the process quick and easy.

Question #18

HOW MUCH DEPOSIT DO I HAVE TO PAY TO START PRODUCTION?

Answer

In most cases, no deposit is required if you are financing your food trailer package. If you are paying directly up front, we take a deposit to prepare your order, then when your trailer is ready to send, you pay the balance.

Question #19

CAN I CUSTOMISE THE EQUIPMENT PACKAGE?

Answer

Of course. Our trucks and trailers are custom built for this reason – so you get your perfect trailer and you're not paying for equipment you don't need. Our packages on our website include the most popular layouts, but can be adjusted to suit your business perfectly. We can either swap equipment you want use for something you need, or simply remove it from the package and adjust the price accordingly.

Question #20

CAN I GET MY TRAILER SIGNWRITTEN BY FOOD TRAILER KING?

Answer

Absolutely, we have a design team that will help with all aspects of design from your logo if you don't yet have one, to the colour scheme and full design of the wrap. Our team at the factory will apply the wrap so when your trailer is delivered, it's ready to get out and making money from day 1.

Question #21

CAN I CUSTOMISE THE LAYOUT?

Answer

All our trucks and trailers are built to order, so each has its own personalised layout and equipment package. Once you pay your deposit to move forwards, our team will be in touch to work on the layout with you, to optimise production in your kitchen. Once you're happy with the layout, you sign off and our team gets to work on the build. This way your trailer is set up exactly how you want it.

Question #22

HOW LONG WILL MY ORDER TAKE TO PRODUCE?

Answer

The build time depends on quite a few variables, including the size of the trailer, equipment you order, how long it takes to design and sign off on your layout, whether you choose to have the trailer signwritten etc. As a very rough guide, we estimate around 16 weeks in most cases, and our team will keep you updated with photos and videos as your order progresses.

Food Trailer King No Questions Asked Triple Guarantee

Guarantee #1 – 12 Month Super Warranty

No matter where you are in Australia, no matter what your problem is, if you have any issues with your food trailer simply let us know and we will do everything we can to quickly and cheerfully resolve the issue for you.

Guarantee #2 – Council Permit

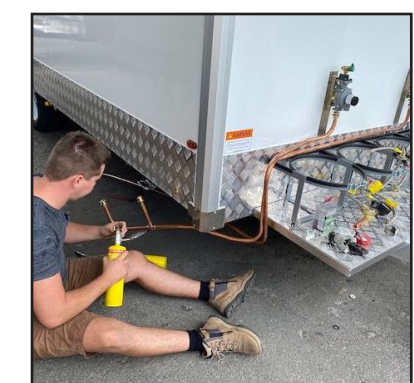

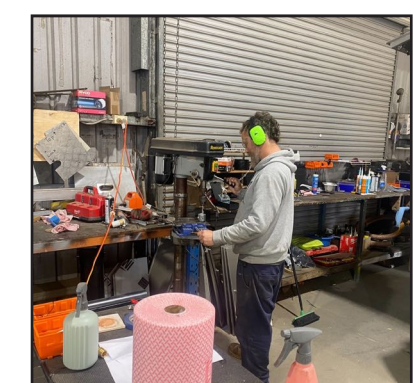

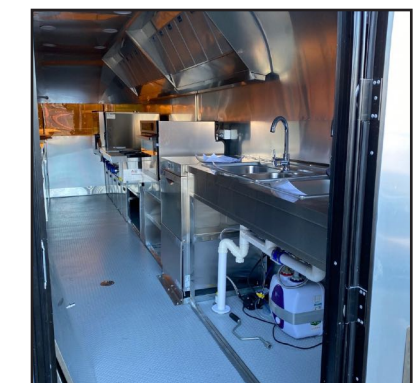

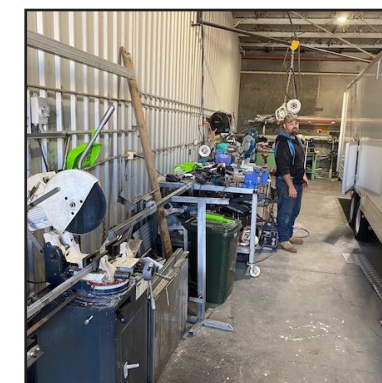

Once your trailer is in production, we will process and apply for the council permit on your behalf. If you're having issues obtaining it, we will keep working with you and your council until your trailer is food safety certified and ready to use. This means that you can sleep easy, knowing we are delivering.

Guarantee #3 – Fair Price

We guarantee you that all of our pricing is upfront and honest. There are no hidden extras. If a problem presents itself during fabrication of your Food Trailer King food trailer and there is extra work for us to do, we will cover it at no extra charge.
